MARNmentors

MARNmentors is a program for artists to provide in-depth professional development, strengthen their support network, and contribute to the health of Wisconsin's arts community. The year-long mentorships between an established and emerging artist in the core disciplines represented by the organization including visual arts, film, music, theatre, dance, design, literature and more. The mentorships involve: monthly one-on-one critiques, three group critiques, three professional development workshops, a culminating public presentation at a local venue, a print and online publication, and coordination and support from MARN staff.

Coordinator Role

- Leading and organizing the MARNmentors committee for reflection and artist selection process
- Media outreach through writing press releases and managing MARN's social media platforms with calls for artists and program announcements
- Monthly check-ins with artists, mentors
- Program budget management
- Timely correspondence between participating artists and mentors
- Organizing the culminating exhibition of the artists and mentors
